OSCAR THE GROUCH

GARBAGE GUARDIAN

OBJECTIVE

Like all Grouches, my mission in life is to be as miserable and grouchy as possible, and pass that feeling on to everyone else. I have a great deal of expertise and experience that I bring to making everyone as miserable as possible.

EXPERIENCE

ORANGE GROUCH IN RESIDENCE

(11/1969-05/1970)

My main responsibilities were to be grouchy and unpleasant to anyone nearby. I was also responsible for being around as much garbage as possible while being Orange.

GREEN GROUCH IN RESIDENCE

(11/1970-05/2016)

My main responsibilities were to be grouchy and unpleasant to anyone nearby. I was also responsible for being around as much garbage as possible while being Green. I also expanded my role to tunnel building and maintenance and news anchor on the extremely unpopular Groucho News Network (GNN)

TRASH TECHNICIAN

(11/2016-Present)

My role continues to be grouchy and unpleasant to anyone nearby, with the added responsibility of doing it to people who are recycling my beloved trash.
